Formal procedure to become a Local Committee of IACES

To become an official Local Committee of IACES the following is required:

- At least three students for a Civil Engineering degree to be President, Secretary and Treasurer;
- A member of the Local Committee has attended at least one IACES activity (has experiences of IACES activities);
- An official letter from the head of the Civil Engineering Department or University recognizing the Local Committee and its board as an organization in the University and showing support to them (send to iaces@iaces.org);
- A list of all members and email addresses (not mandatory, but recommended to receive newsletters – send to cc@iaces.org).

The General Board recommends each Local Committee to have a website to publish their news and activities and also a Facebook page.
